

### 50 CAL Apparel

Our 50 Cal ensemble offers affordability, flexible comfort and the highest level of protection on the market today. The coat maintains market-leading designs with a dual stage front closure and integrated inner wristlets. Waist take-ups for a "tailored fit" are also standard on the bib overall. The hood has been certified and far surpasses the 50 Cal rating.

#### Fabrics

2ply Indura Ultra Soft®  
(2 layers of 13 oz.)  
(Tuffweld® is available)

#### Garment Selection

Hood, Coat, Bib Overall

### 75 CAL Apparel

The 75 Cal set offers a breathable and flexible 3 layer shell. The hood maintains a wide-view amber lens for superior visibility. The coat offers a dual-stage front closure with integrated inner wristlets. The waist of the bib overall maintains take-ups for superior fit and flexibility. All garments sewn with Nomex® thread.

#### Fabrics

3 ply Indura Ultra Soft®  
(2 layers of 13 oz. and  
1 layer of 5 oz.)  
(Tuffweld® is available)

#### Garment Selection

Hood, Coat, Bib Overall

### 100 CAL Apparel

Our 100 Cal ensemble offers unsurpassed flexibility and comfort for this much protection. At this level the dual-stage front closure and integrated inner wristlets become a necessity. ASC is focused on providing the worker with the highest level of protection while maintaining superior fit and function. Let us show you how a decade of experience in arc flash apparel can provide you with superior fit, protection and affordability. Reinforced stress points for a longer wear-life.

#### Fabrics

4 ply Indura Ultra Soft®  
(2 layers of 13 oz. and  
2 inner layers of 7 oz.)

#### Garment Selection

Hood, Coat, Bib Overall

All of our certified 100 Cal hoods maintain a "wide view" 2 ply lens. The hood includes brackets, universal kwik-klips for a hard hat and an oversized bib for additional upper chest protection
